- *Are you feeling stressed over their lack of breakthrough?*
- *Do you want to see the potential in your child released?*

ABOUT THE POWER UP CAMP (2days / 1night)

Power Up! is a experiential workshop specially engineered to put the youths through a journey of self reflection and exploration, so as to gain self-motivation and independence. This highly interactive workshop promises to open the minds of your children and get them started in achieving their dreams and develop better relationships with family and friends.

BENEFITS TO YOUR CHILD

DISCOVER

Let your children find out more about their personality and learning habits. Reveal strengths to strive towards excellence. Sun Tzu, the acclaimed military strategist once said once, "Know **thys**elf and thy enemy, and a hundred victories in a hundred battles."

EMPOWERED

Unlimited power surges when uncovered potential is coupled with the right skills and tools. There are skills that you want your children to take back and apply because you know it will bring them closer to their dreams.

GRATEFUL

An old Chinese proverb reminds us to "remember the source of our water supply" (饮水思源). And that is exactly the lesson we want to impart at **TurboCharge!** to teach your children to be grateful for the people around them and even the little things that they have.

BALANCED

Total Balance is what we advocate. We believe that it is the key to achieving a fulfilled and rewarding life. We share the importance of balancing the various aspects of life.

TESTIMONIALS

'TurboCharge! has helped my children increase their level of awareness and consciousness in their studies and also provides them a bigger picture of their future road map on how they can achieve their goals and excel to be a better person.'

– **Jenny Fan, Managing Director**

'I have seen change in Zhuo Wei after TurboCharge! and follow up and I'm glad that he is more focused on his goals now'.
